

AMOS C. CRISP - PUBLIC AFFAIRS OFFICE

Mr. Crisp is currently the chief of the Public Services and Education Branch. He is responsible for the performance and accomplishment of a variety of NASA/MSFC liaison activities with the general public and educational community. His duties include operating a NASA film lending library and an exhibits program involving design, development, scheduling, transportation and display for a seven state region. He also directs a speaker's program providing NASA/MSFC personnel for public appearances as lecturers and panel members, and coordinates participation of MSFC personnel in professional conferences and symposia. Prior to this assignment, Mr. Crisp served as an information specialist for the Shuttle Program, coordinator of the Alabama Space and Rocket Center activities and speech writer.
